# Managing Cultural Diversity

An Empirical Examination of  
Cultural Networks and  
Organizational Structures  
as Governance Mechanisms  
in Multinational Corporations

Peter Lang

# Table of Contents

|                                                    |    |
|----------------------------------------------------|----|
| Preface .....                                      | 19 |
| Acknowledgements .....                             | 21 |
| Introduction .....                                 | 23 |
| Opening Comments .....                             | 23 |
| A Note on Research in Multicultural Settings ..... | 25 |
| Structure of the Thesis .....                      | 26 |

## *Part I: Identification of the Research Problem*

|                                                              |    |
|--------------------------------------------------------------|----|
| 1. Conceptualization of the Multinational Corporation .....  | 31 |
| 1.1. Definition of Organizations .....                       | 31 |
| 1.1.1. Organizations as Systems .....                        | 31 |
| 1.1.2. Systems Models .....                                  | 32 |
| 1.2. Definition of Corporations .....                        | 37 |
| 1.3. Definition of Multinational Corporations .....          | 38 |
| 2. Rationale for the Existence of MNCs .....                 | 41 |
| 2.1. A Brief Review of Neo-classical Theory .....            | 41 |
| 2.2. An Introduction to Neo-institutional Economics .....    | 42 |
| 2.2.1. Basic Assumptions of Neo-institutional Economics ...  | 43 |
| 2.2.2. Overview of Neo-institutional Theories .....          | 44 |
| 2.3. Introduction to Transaction Cost Theory .....           | 46 |
| 2.3.1. Definition of Transactions .....                      | 47 |
| 2.3.2. Transaction Costs .....                               | 48 |
| 2.3.3. Assumptions about Actor Behavior .....                | 50 |
| 2.3.4. Transaction Cost Efficiency .....                     | 51 |
| 2.3.5. Factors Influencing Transaction Cost Efficiency ..... | 51 |
| 2.3.6. Institutional Arrangements .....                      | 54 |
| 2.4. Applying Transaction Cost Theory to the MNC .....       | 59 |
| 2.4.1. Internalization Theory .....                          | 59 |
| 2.4.2. Forms of Organizational Arrangement .....             | 61 |

|        |                                                                                              |     |
|--------|----------------------------------------------------------------------------------------------|-----|
| 3.     | The Fundamental Problem of Organizing Global Transactions . . .                              | 65  |
| 3.1.   | Basic Challenges . . . . .                                                                   | 66  |
| 3.1.1. | Geographic Dispersion . . . . .                                                              | 66  |
| 3.1.2. | Demographic and Cultural Diversity . . . . .                                                 | 67  |
| 3.1.3. | Increasing Size and Division of Labor . . . . .                                              | 67  |
| 3.2.   | Consequences: Increasing Complexity<br>due to Differentiation and Interdependence . . . . .  | 70  |
| 3.3.   | Conclusion: The Need for Integration, Coordination,<br>and Control . . . . .                 | 71  |
| 4.     | The Agency Dilemma in Organizing Global Transactions . . . . .                               | 75  |
| 4.1.   | Introduction to Agency Theory . . . . .                                                      | 76  |
| 4.1.1. | Characteristics of Principal-agent Relations . . . . .                                       | 77  |
| 4.1.2. | Basic Assumptions . . . . .                                                                  | 78  |
| 4.1.3. | The Three Basic Problems of Agency Relations . . . . .                                       | 80  |
| 4.1.4. | Possible Remedies . . . . .                                                                  | 82  |
| 4.1.5. | Agency Costs . . . . .                                                                       | 85  |
| 4.2.   | The Agency Dilemma of the MNC . . . . .                                                      | 86  |
| 4.2.1. | Aspects of Principal-agent Relations in MNCs . . . . .                                       | 87  |
| 4.2.2. | Factors Leading to Increasing Agency Costs in MNCs . . . . .                                 | 88  |
| 4.3.   | A Brief Criticism of Classical Agency Theory . . . . .                                       | 90  |
| 5.     | Enlarging Classical Agency Theory . . . . .                                                  | 93  |
| 5.1.   | Disadvantages of Hierarchies as Governance Structures . . . . .                              | 93  |
| 5.2.   | Adding Cultural or Clan Control<br>as a Second Organizational Governance Structure . . . . . | 95  |
| 5.2.1. | Introduction to Clan Control . . . . .                                                       | 95  |
| 5.2.2. | Comparison between<br>Different Governance Mechanisms . . . . .                              | 99  |
| 5.2.3. | Criticism of the Concept of Clan Control . . . . .                                           | 101 |

*Part II: Theoretical Concepts on the Informal Side  
of the Organization*

|        |                                                             |     |
|--------|-------------------------------------------------------------|-----|
| 6.     | Organizational Culture – A Novel Concept? . . . . .         | 105 |
| 6.1.   | Human Relations Movement . . . . .                          | 106 |
| 6.2.   | Cross-cultural or Comparative Management Research . . . . . | 107 |
| 6.2.1. | Introduction . . . . .                                      | 107 |
| 6.2.2. | A Dynamic Perspective . . . . .                             | 110 |

|                                                                                          |     |
|------------------------------------------------------------------------------------------|-----|
| 6.2.3. Dimensions for Differences<br>and Similarities across Cultures .....              | 114 |
| 6.3. Corporate Culture Research .....                                                    | 119 |
| 6.3.1. Reasons for Scientific Interest<br>in the Informal Side of the Organization ..... | 120 |
| 6.3.2. Basic Corporate Culture Paradigms .....                                           | 121 |
| 6.3.3. Summary of Cultural Characteristics .....                                         | 142 |
| 6.3.4. Functions and Dysfunctions Ascribed<br>to Cultural Networks .....                 | 146 |
| 6.4. An Integrative Perspective on Culture .....                                         | 154 |
| 6.4.1. Conceptualization of Cultural Elements .....                                      | 154 |
| 6.4.2. Describing the Cultural Core in Terms<br>of an Organizational Schema .....        | 170 |
| 6.5. Related Concepts .....                                                              | 174 |
| 6.5.1. Corporate Ideology and Philosophy .....                                           | 175 |
| 6.5.2. Corporate Identity .....                                                          | 176 |
| 6.5.3. Corporate Climate .....                                                           | 177 |
| 7. Summary and Research Questions .....                                                  | 179 |
| 7.1. Research Deficits .....                                                             | 179 |
| 7.1.1. Failure to Gain a Proper Understanding<br>of the Concept of Culture .....         | 179 |
| 7.1.2. Neglecting the Concept of Culture<br>in MNC Research .....                        | 181 |
| 7.1.3. Neglecting the MNC in Organizational Research<br>as a Subject of Study .....      | 183 |
| 7.2. Position on the Concept of Culture .....                                            | 184 |
| 7.2.1. Elements from the Functionalist Perspective .....                                 | 186 |
| 7.2.2. Elements from the Interpretive Perspective .....                                  | 188 |
| 7.3. Research Strategy .....                                                             | 189 |
| 7.4. Basic Research Questions .....                                                      | 191 |
| 7.5. Methodological Originality .....                                                    | 192 |
| 7.5.1. Studying Culture through Social<br>Network Analysis .....                         | 192 |
| 7.5.2. The Fundamental Concept of Social Capital .....                                   | 193 |
| 7.5.3. Origin and Classification of Studies .....                                        | 196 |

### *Part III: Research Framework*

|                                                                               |     |
|-------------------------------------------------------------------------------|-----|
| 8. Functions of the Research Framework .....                                  | 203 |
| 9. Elements of the Research Framework .....                                   | 205 |
| 9.1. Element I: Context Factors .....                                         | 208 |
| 9.1.1. External Context Factors .....                                         | 209 |
| 9.1.2. Internal Context Factors .....                                         | 218 |
| 9.2. Element II: Organizational Configurations<br>and Action Parameters ..... | 239 |
| 9.2.1. Effects of Context Factors on Organizations .....                      | 239 |
| 9.2.2. Action Parameters .....                                                | 259 |
| 9.3. Element III: Effectiveness and Efficiency .....                          | 274 |
| 9.3.1. Definition of Effectiveness and Efficiency .....                       | 274 |
| 9.3.2. Operationalization of the Efficiency Concept .....                     | 276 |
| 9.3.3. Summary .....                                                          | 286 |

### *Part IV: Empirical Study*

|                                                                              |     |
|------------------------------------------------------------------------------|-----|
| 10. Design of the Empirical Study .....                                      | 289 |
| 10.1. Goals of the Empirical Study .....                                     | 289 |
| 10.2. Basic Research Strategy and Sample Description .....                   | 290 |
| 10.2.1. A Note on the Process of Choosing Samples .....                      | 290 |
| 10.2.2. Conceptual Foundations<br>for Selecting Case Companies .....         | 291 |
| 10.2.3. Introduction to Case Companies .....                                 | 294 |
| 10.2.4. Identification of Sample Participants .....                          | 298 |
| 10.3. Choice of Research Methods and Instruments .....                       | 307 |
| 10.3.1. Measuring Structure in Organizations .....                           | 308 |
| 10.3.2. Capturing Culture in Organizations .....                             | 310 |
| 10.3.3. Summary .....                                                        | 313 |
| 10.4. Drafting and Testing of Research Instruments .....                     | 314 |
| 10.4.1. Studying Culture through Qualitative Interviews ...                  | 314 |
| 10.4.2. Surveying the Formal Characteristics<br>through Questionnaires ..... | 319 |
| 10.4.3. Quality Indicators of Instruments .....                              | 323 |
| 10.4.4. Pretest of Instruments .....                                         | 326 |

|                                                                                  |     |
|----------------------------------------------------------------------------------|-----|
| 10.5. Data Collection .....                                                      | 330 |
| 10.5.1. Administration and Evaluation of Interviews .....                        | 332 |
| 10.5.2. Administration and Evaluation of Questionnaires ..                       | 335 |
| 10.5.3. Final Sample Population .....                                            | 336 |
| 11. Presentation, Interpretation, and Discussion of Results .....                | 339 |
| 11.1. Element I: Strength of Cultural Networks<br>and Factors of Influence ..... | 339 |
| 11.1.1. Strength of Cultural Networks .....                                      | 340 |
| 11.1.2. Examining the Influence of Context Factors<br>on Cultural Strength ..... | 373 |
| 11.2. Element II: Relation between Cultural<br>and Structural Mechanisms .....   | 392 |
| 11.2.1. Embeddedness of Individual Actors .....                                  | 393 |
| 11.2.2. Formal Coordination and Control Mechanisms ....                          | 410 |
| 11.3. Element III: Efficiency Criteria .....                                     | 420 |
| 11.3.1. Organization of Workflow .....                                           | 420 |
| 11.3.2. Communication Redundancy .....                                           | 422 |
| 11.3.3. Level of Conflict or Social Friction .....                               | 424 |
| 11.3.4. Level of Ambiguity and Equivocality .....                                | 427 |
| 11.3.5. Summary .....                                                            | 430 |

*Part V: Implications, Recommendations, and Summary*

|                                                                                         |     |
|-----------------------------------------------------------------------------------------|-----|
| 12. Implications and Recommendations .....                                              | 437 |
| 12.1. The Importance of Fit between Environment<br>and Governance Configuration .....   | 438 |
| 12.1.1. The Role of Fit in Contingency Theory .....                                     | 438 |
| 12.1.2. The Dynamics of the Case Companies'<br>External Environment .....               | 438 |
| 12.1.3. Linking Environmental Dynamics<br>to Governance Configurations .....            | 441 |
| 12.1.4. Summary .....                                                                   | 443 |
| 12.2. How to Achieve Fit from a Cultural Perspective .....                              | 447 |
| 12.2.1. Limitations of Using Culture to Achieve Fit .....                               | 447 |
| 12.2.2. Transmission of Culture through Selection,<br>Socialization, and Turnover ..... | 448 |

|                                                                                 |     |
